RESOLUTION MEPC.404(83) (adopted on 11 April 2025)
2025 ACTION PLAN TO ADDRESS MARINE PLASTIC LITTER FROM SHIPSMEPC 83/17/Add.1
Annex 12, page 9
I:\MEPC\MEPC 83-17-Add.1.docx
APPENDIX
COMPLETED ACTIONS AS OF THE 2025 REVIEW OF THE INITIAL ACTION PLAN TO ADDRESS MARINE PLASTIC LITTER FROM SHIPS (RESOLUTION MEPC.310(73))
Outcome Measures
Reduction of marine plastic litter generated from, and retrieved by, fishing vessels
Consider the development of best management practice to facilitate incentives for fishing vessels to retrieve derelict fishing gear and deliver it to port reception facilities, in collaboration with FAO
Consider the issue of waste that has been collected during fishing operations building on experience gathered from established projects
Review the application of placards, garbage management plans and garbage record-keeping (regulation 10, MARPOL Annex V), for example making the Garbage Record Book mandatory for ships of 100 GT and above
Reduction of shipping's contribution to marine plastic litter
Review the application of placards, garbage management

Annex V), for example making the Garbage Record Book mandatory for ships of 100 GT and above
Reduction of shipping's contribution to marine plastic litter
Review the application of placards, garbage management plans and garbage record-keeping (regulation 10, MARPOL Annex V), for example making the Garbage Record Book mandatory for ships of 100 GT and above
Consider the establishment of a compulsory system of formatted declarations of the loss of containers and the means on board to easily identify the exact number of losses
Also, consider establishing an obligation to report through a standardized procedure the loss of containers
Consider ways to communicate the location of containers lost overboard based on additional information to be provided by interested parties
Improvement of the

effectiveness of port
reception and facilities
and treatment in
reducing marine plastic
litter
Consider the development of tools to support the
implementation of cost frameworks associated with port
reception facilities, taking into account the need to not create
disincentives for the use of port reception facilities, the

litter
Consider the development of tools to support the
implementation of cost frameworks associated with port
reception facilities, taking into account the need to not create
disincentives for the use of port reception facilities, the
potential benefits of cost incentives that provide no
additional fees based on volume and identifying waste types
that can be reduced, reused or recycled through schemes
that identify waste revenue
Further consider the impact on small island developing
States and on remote locations such as polar regions when
planning for the disposal of waste to land-based facilities
RESOLUTION MEPC.404(83) (adopted on 11 April 2025)
2025 ACTION PLAN TO ADDRESS MARINE PLASTIC LITTER FROM SHIPSMEPC 83/17/Add.1
Annex 12, page 10
I:\MEPC\MEPC 83-17-Add.1.docx
Outcome Measures
Enhanced public
awareness, education
and seafarer training
Consider tasking the HTW Sub -Committee with reviewing
chapter III of STCW -F (Basic safety training for all fishing
vessel personnel) to ensure that all fishing vessel personnel,
before being assigned any shipboard duties, receive basic
training on marine e nvironment awareness oriented on

chapter III of STCW -F (Basic safety training for all fishing
vessel personnel) to ensure that all fishing vessel personnel,
before being assigned any shipboard duties, receive basic
training on marine e nvironment awareness oriented on
marine plastic litter including abandoned, lost or otherwise
discarded fishing gear (ALDFG)
Improved
understanding of the
contribution of ships to
marine plastic litter
Invite Member States and international organizations to
undertake studies to better understand microplastics from

ships
Improved
understanding of the
regulatory framework
associated with marine
plastic litter from ships
Consider the development of a regulatory framework matrix
for the purpose of a gap analysis
Targeted technical
cooperation and
capacity-building
Address implementation issues related to the Action Plan to
Address Marine Plastic Litter from Ships in the context of
IMO technical cooperation and capacity-building activities
Consider the establishment of externally funded major projects
under the auspices of IMO in support of the Action Plan to
Address Marine Plastic Litter from Ships
