State of arrival or flag State) may authorize any other provision by exemption if satisfied that such provision is at least as effective and safe as that required by this Code. Acceptance of an exemption authorized under this section by a competent authority not party to it is subject to the discretion of that competent authority. Accordingly, prior to any shipment covered by the exemption, the recipient of the exemption shall notify other competent authorities concerned.
1.5.2 A com
petent authority or competent authorities which have taken the initiative with respect to the exemption:
.1 sha
ll send a copy of such exemption to the Organization, which shall bring it to the attention of the Contracting Parties to SOLAS; and
.2 sha
ll take action to amend this Code to include the provisions covered by the exemption, as appropriate.
1.5.3 The p
eriod of validity of the exemption shall be not more than five years from the date of

appropriate.
1.5.3 The p
eriod of validity of the exemption shall be not more than five years from the date of authorization. An exemption that is not covered under 1.5.2.2 may be renewed in accordance with the provisions of this section.
1.5.4 A cop
y of the exemption or an electronic copy thereof shall be maintained on board each ship transporting solid bulk cargoes in accordance with the exemption, as appropriate.
1.5.5 Con
tact information for the main designated national competent authorities concerned is given in the separate document issued by the Organization.

Application

1 Unl
ess expressly provided otherwise, this chapter applies to the carriage of cargoes (except liquids in bulk, gases in bulk and those aspects of carriage covered by other chapters) which, owing to their particular hazards to ships or persons on board, may require special precautions in all ships to which the present regulations apply and in cargo ships of less than 500 gross tonnage. However, for cargo ships of less than 500 gross tonnage, the Administration, if it considers that the sheltered nature and conditions of voyage are such as to render the application of any specific requirements of part A or B of this chapter unreasonable or unnecessary, may take other

application of any specific requirements of part A or B of this chapter unreasonable or unnecessary, may take other effective measures to ensure the required safety for these ships.

2 To su
pplement the provisions of parts A and B of this chapter, each Contracting Government shall ensure that appropriate information on cargo and its stowage and securing is provided, specifying, in particular, precautions necessary for the safe carriage of such cargoes.

Cargo information
1 The s
hipper shall provide the master or their representative with appropriate information on the cargo
sufficiently in advance of loading to enable the precautions which may be necessary for proper stowage and safe
carriage of the cargo to be put into effect. Such information shall be confirmed in writing and by appropriate
shipping documents prior to loading the cargo on the ship.
2 The c
argo information shall include:
.1 in th
e case of general cargo, and of cargo carried in cargo units, a general description of the cargo, the
gross mass of the cargo or of the cargo units, and any relevant special properties of the cargo. For the
purpose of this regulation the cargo information required in sub-chapter 1.9 of the Code of Safe Practice
for Cargo Stowage and Securing, adopted by the Organization by resolution A.714(17), as may be amended,

df
for Cargo Stowage and Securing, adopted by the Organization by resolution A.714(17), as may be amended,
shall be provided. Any such amendment to sub-chapter 1.9 shall be adopted, brought into force and
take effect in accordance with the provisions of article VIII of the present Convention concerning the
amendment procedures applicable to the annex other than chapter I;
.2 in th
e case of solid bulk cargo, information as required by section 4 of the IMSBC Code.
3 Pri
or to loading cargo units on board ships, the shipper shall ensure that the gross mass of such units is in
accordance with the gross mass declared on the shipping documents.
4 In th
e case of cargo carried in a container, except for containers carried on a chassis or a trailer when such
containers are driven on or off a ro-ro ship engaged in short international voyages as defined in regulation III/3,
the gross mass according to paragraph 2.1 of this regulation shall be verified by the shipper, either by:
.1 wei

the gross mass according to paragraph 2.1 of this regulation shall be verified by the shipper, either by:
.1 wei
ghing the packed container using calibrated and certified equipment; or
.2 wei
ghing all packages and cargo items, including the mass of pallets, dunnage and other securing material to be packed in the container and adding the tare mass of the container to the sum of the single masses, using a certified method approved by the competent authority of the State in which packing of the container was completed.
5 The s
hipper of a container shall ensure the verified gross mass is stated in the shipping document. The shipping document shall be:
.1 sig
ned by a person duly authorized by the shipper; and
.2 sub
mitted to the master or their representative and to the terminal representative sufficiently in advance, as required by the master or their representative, to be used in the preparation of the ship stowage plan.
