the provisions of the 1978 STCW Convention need not be reassessed in those standards of competence listed in section A -II/3 of the STCW -F Code that were required at a highe r or equivalent level for the issuance of the corresponding 1978 STCW Convention certificate.
RESOLUTION MSC.561(108) (adopted on 23 May 2024)
AMENDMENTS TO THE ANNEX TO THE INTERNATIONAL CONVENTION ON STANDARDS OF TRAINING, CERTIFICATION AND
WATCHKEEPING FOR FISHING VESSEL PERSONNEL, 1995 (Revised annex to the 1995 STCW-F Convention)
- 12 -
Regulation II/4
Mandatory minimum requirements for certification of officers in charge of a navigational watch on fishing vessels of 24 metres in length and over operating in limited waters
1 Every officer in charge of a navigational watch on a fishing vessel of 24 metres in length and over operating in limited waters shall either hold a certificate issued in compliance with regulation II/2 or hold a certificate of competency issued in compliance with at least the

with regulation II/2 or hold a certificate of competency issued in compliance with at least the provisions of this regulation.
2 Every candidate for certification shall:
.1 be not less than 18 years of age;
.2 have approved seagoing service of not less than:
.1 12 months on fishing vessels or fishing training vessels of not less than 12 metres in length as part of an approved training programme which includes onboard training that meets the requirements of section A -II/4 of the STCW -F Code and is documented in an approved training record book; or
.2 two years in the deck department on fishing vessels of not less than 12 metres in length. However, the Administration may allow the substitution of the seagoing service by a period of special training not exceeding one year, provided that the period of the special training programme shall be at least equivalent in value to the period of the required seagoing service it substitutes or by a period of

training programme shall be at least equivalent in value to the period
of the required seagoing service it substitutes or by a period of
approved seagoing service evidenced by an approved record book
covered by the 1978 STCW Convention;
.3 meet the standard of competence specified in section A-II/4 of the STCW-F
Code; and
.4 meet the appropriate requirements for performing designated radio duties in
accordance with the Radio Regulations.
3 A candidate who holds a valid certificate of competency issued in accordance with
the provisions of the 1978 STCW Convention need not be reassessed in those standards of
competence listed in section A -II/4 of the STCW-F Code, which were required at a hig her or
equivalent level for the issuance of the corresponding 1978 STCW Convention certificate.
Regulation II/5-1-1
Mandatory minimum requirements for certification of chief engineer officers and
second engineer officers on fishing vessels powered by main propulsion machinery
---

second engineer officers on fishing vessels powered by main propulsion machinery
of 3,000 kW propulsion power or more
1 Every chief engineer officer and second engineer officer on a seagoing fishing vessel
powered by main propulsion machinery of 3,000 kW propulsion power or more shall hold a
certificate of competency.
2 Every candidate for certification shall:
.1 meet the requirements for certification as an officer in charge of an
engineering watch on fishing vessels powered by main propulsion machinery
of 750 kW propulsion power or more and have approved seagoing service in
that capacity:

.1 for certification as second engineer officer, have not less
than 12 months as qualified engineer officer; and

- 13 -
.1 for certification as second engineer officer, have not less
than 12 months as qualified engineer officer; and
.2 for certification as chief engineer officer, have not less
than 36 months; however, this period may be reduced to not less
than 24 months if not less than 12 months of such seagoing service
has been served as second engineer officer; and
.2 have completed approved education and training and meet the standard of
competence specified in section A-II/5-1-1 of the STCW-F Code.
Regulation II/5-1-2
Mandatory minimum requirements for certification of chief engineer officers and
second engineer officers on fishing vessels powered by main propulsion machinery of

between 750 kW and 3,000 kW propulsion power
1 Every chief engineer officer and second engineer officer on a seagoing fishing vessel powered by main propulsion machinery of between 750 kW and 3,000 kW propulsion power shall hold a certificate of competency.
2 Every candidate for certification shall:

shall hold a certificate of competency.
2 Every candidate for certification shall:
.1 meet the requirements for certification as an officer in charge of an engineering watch on fishing vessels powered by main propulsion machinery of 750 kW propulsion power or more and:
.1 for certification as second engineer officer, have not less than 12 months of approved seagoing service as assistant engineer officer or engineer officer; and
.2 for certification as chief engineer officer, have not less than 24 months of approved seagoing service of which not less than 12 months shall be served while qualified to serve as second engineer officer; and
.2 have completed approved education and training and meet the standard of competence specified in section A-II/5-1-2 of the STCW-F Code.
3 Every engineer officer who is qualified to serve as second engineer officer on fishing vessels powered by main propulsion machinery of 3,000 kW propulsion or more, may serve

vessels powered by main propulsion machinery of 3,000 kW propulsion or more, may serve
as chief engineer officer on fishing vessels powered by main propulsion machinery of less than 3,000 kW propulsion power, provided the certificate is so endorsed.
Regulation II/5-2
Mandatory minimum requirements for certification of officers in charge of an engineering watch in a manned engine -room or designated duty engineers in a periodically unmanned engine-room on fishing vessels powered by main propulsion machinery of 750 kW propulsion power or more
1 Every officer in charge of an engineering watch in a manned engine -room or designated duty engineer officer in a periodically unmanned engine -room serving on a seagoing fishing vessel powered by main propulsion machinery of 750 kW propulsion power or more shall hold a certificate of competency.
