CHAPTER VII - LIST OF CHEMICALS TO WHICH
THE CODE DOES NOT APPLY
The list of chemicals whi ch have been reviewed for their safety
and pollution hazards and determined not to present hazards to such an
extent as to warrant the application of the Code is set out in chapter 18
of the !Be Code.
RESOLUTION MEPC.56(33)
(adopted on 30 October 1992)
ADOPTION OF AMENDMENTS TO THE CODE FOR THE

CHEMICALS IN BULK (BCH CODE)- 8 -
New chapter VIII is added as follows:
CHAPTER VIII - TRANSPORT OF LIQUID CHEMICAL WASTES
8.1 Pr ea mb le
8.1.1 Maritim e transport of liquid chemi cal wastes could present a threat to
human health and to the environment.
8.1.2 Liquid chemical wastes should, theref ore, be transported in accordance
with relevant international conve ntions and recommendations and, in
particula r , in the case of maritime transp ort in bulk, with the
req uir ements of this Code.
8.2 Definition s
For th e purpose of thi s chapter:
8.2.1 "Liquid chemical wast es " are subs tances, so l utions or mixt ure s.
offe re d for s hi pment, con tai ning or con taminate d with one or mo re
constituents which are subj ect to the requirements of this Code
and f or which no direct use is envisaged but which are carried for
dumping, incineration or other methods of disposal other than at sea.
8.2.2 "Transhounda r y movement" means maritime transport of wastes from an

area under the national jurisdictio n of one cou ntr y to or through an
area under the nati onal jurisdictio n of anothe r cou ntry, or to or

8.2.2 "Transhounda r y movement" means maritime transport of wastes from an
area under the national jurisdictio n of one cou ntr y to or through an
area under the nati onal jurisdictio n of anothe r cou ntry, or to or
through an area not under the national jurisdi ction of any country,
provided at least two countr ies are co ncerned by the movement.
8.3 Appl icability
8.3 . 1 The requirements of this chapter are applicable to the transb oundar y
movement of liquid chemical wastes in bulk by seagoi ng ships and
shou l d be considered in conjunction with all other requ ir ements of
this Code.
8.3.2 The require ment s of this chapter do not ap ply to:
.1 wastes derived f r om shipboard ope ra tions which are covered
by the requirements of MARPOL 73 /78;
.2 liquid chemical wastes carried by ships engaged in the
incineration of such wastes at sea which are covered by
chapter 19 of the IBC Code; and
.3 substances, solutiol\s or mi xtures containi ng or contaminated
with radioa c tive material s which are subject to the app l icable
requirements for radioactive ma te rials.

CHEMICALS IN BULK (BCH CODE)- 9 -
8.4 Permitted shipments
8.4.1 Transboundary movement of wastes is permitted to commence only when:
.1 notification has been sent by the competent authority of the
country of origin, or by the generator or exporter through the
ehannel of the competent authority of the country of origin, to
the country of final destinationi and
.2 the competent authority of the country of or1gLn, having
received the written consent of the country of final
destination stating that the wastes will be safely incinerated
or treated by other methods of disposal, has given
authorization for the movement.
8.S Documentation
8.5.1 In addition to the documentation specified in 5.2 of this Code ships
engaged in transbounclary movement of liquid chemical wastes should
carryon board a waste movement document issued by the competent

8.S Documentation
8.5.1 In addition to the documentation specified in 5.2 of this Code ships engaged in transbounclary movement of liquid chemical wastes should carryon board a waste movement document issued by the competent authority of the country of origin.
8.6 Classification of liquid chemical waates
8.6.1 For the purpose of the protection of the earine environment all liquid chemical wastes transported in bulk should be treated as category A noxious liquid substances, irrespective of the actual evaluated category.
8.7 Carriage and handling of liquid chemical wastes
8.7.1 Liquid chemical wastes should be carried in ships and cargo tanks in accordance with the minimum requirements for liquid chemical wastes specified in chapter 17 of the IBC Code, unless there are clear grounds indicating that the hazards of the wastes would warrant;
.1 carriage in accordance with the ship type l requirements; or
.2 any additional requirements of this Code applicable to the substance or, in case of a mixture, its constituent presenting the predominsnt hazsrd.
