4.1 General
4.2 Oil tankers 5 to 10 years of age
4.3 Oil tankers 10 to IS years of age
4.4 Oil tankers exceeding 15 years of age
5 Preparations for survey
5.1 Survey programme
5.2 Conditions for survey
5.3 Access to structures
5.4 Equipment for survey

Annex 9
Annex 10
Annex 11
Annex 12
Minimum requirements for close-up survey at renewal survey of double hull oil tankers
Minimum requirements for thickness measurements at renewal survey of double hull oil tankers
Minimum requirements for tank testing at renewal survey of double hull oil tankers
Requirements for extent of thickness measurements at areas of substantial corrosion of double hull oil tankers
Minimum requirements for overall and close-up survey and thickness measurements at intermediate survey of double hull oil tankers
Survey programme
Survey planning questionnaire
Owner's inspection report
Procedures for certification of a company engaged III thickness measurement of hull structures
Survey reporting principles
Condition evaluation report
Recommended procedures for thickness measurements of double hull oil tankers
Guidelines for technical assessment in conjunction with the planning of enhanced surveys for oil tankers
Criteria for longitudinal strength of hull girder for oil tankers
RESOLUTION MSC.197(80)
(adopted on 20 May 2005)
AMENDMENTS TO THE GUIDELINES ON THE ENHANCED

PartB
GUIDELINES ON THE ENHANCED PROGRAMME OF INSPECTIONS DURING SURVEYS OF OIL TANKERS OTHER THAN DOUBLE HULL OIL

TANKERS
1 General
1.1 Application
1.2 Definitions
1.3 Repairs
1.4 Surveyors
2 Renewal survey
2.1 General
2.2 Dry-dock survey
2.3 Tank corrosion prevention system
2.4 Extent of overall and close-up surveys
2.5 Extent of thickness measurements
2.6 Extent of tank pressure testing
3 Annual survey
3.1 General
3.2 Examination of the hull
3.3 Examination of weather decks
3.4 Examination of cargo pump-rooms and pipe tunnels
3.5 Examination of ballast tanks
4 Intermediate survey
4.1 General
4.2 Oil tankers 5 to 10 years of age
4.3 Oil tankers 10 to 15 years of age
4.4 Oil tankers exceeding 15 years of age
5 Preparations for survey
5.1 Survey programme
5.2 Conditions for survey
5.3 Access to structures
5.4 Equipment for survey
