6.4.2 The NO x emission value (g/kWh) calculated in accordance with paragraph 6.4.1 of these guidelines should be compared to the applicable emission limit. This emission value is entered into 1.9.6 of the Supplement to the EIAPP certificate (appendix I of the NTC 2008).

6.5 Test report to be submitted to the Administration

6.5.1 The test report referenced under paragraphs 6.2.2 and 6.3.5.1 of these guidelines, together with the data from section 6.4 of these guidelines should be consolidated into the overall documentation to be submitted to the Administration.

6.5.1 The test report referenced under paragraphs 6.2.2 and 6.3.5.1 of these guidelines, together with the data from section 6.4 of these guidelines should be consolidated into the overall documentation to be submitted to the Administration.

7 ON BOARD CONFIRMATION TEST FOR SCHEME B

7.1 After installation on board of an engine system fitted with SCR and before entry into service an initial confirmation test should be performed on board.

7.2 The engine system fitted with the SCR should be verified as corresponding to the description given in the Technical File.

7.3 The confirmation test should be undertaken as close as possible to 25%, 50% and 75% of rated power, independent of test cycle.

7.4 At each mode point of the confirmation test the operating values as given in the Technical File should be verified.

7.5 NO x emission concentrations should be measured at the inlet and outlet of the SCR chamber. The NO x reduction rate should be calculated. Both values should either be dry or wet. The value obtained for NO x reduction rate should be compared to the initial confirmation test required value at each mode point as given in the Technical File.

dry or wet. The value obtained for NO x reduction rate should be compared to the initial confirmation test required value at each mode point as given in the Technical File.
Reduction efficiency values obtained at each of the test points should not be less than the corresponding values as given in the Technical File by more than 5%.

7.6 The NO x analyser should meet the requirements of chapter 5 of the NTC 2008.

7.7 When an engine system fitted with SCR is in a group defined in chapter 4 of these guidelines, the confirmation test should be conducted only for the parent engine system of the group.

ANNEX 8

RESOLUTION MSC.198(80)
(adopted on 20 May 2005)

ADOPTION OF AMENDMENTS TO THE FORMAT AND GUIDELINES FOR THE MAINTENANCE OF THE CONTINUOUS SYNOPSIS RECORD (CSR)

THE MARITIME SAFETY COMMITTEE,

RECALLING Article 28(b) of the Convention on the International Maritime Organization concerning the functions of the Committee,

RECALLING ALSO resolution A.959(23) on Fo rmal and guidelines for the maintenance of the Continuous Synopsis Reco rd (CSR) and in particular operating paragraph 4(b) through which the Assembly has requested the Committee to keep the Format and guidelines under review and amend them, as appropriate, in the light of experience gained,

NOTING that a number of practical difficul ties have been encountered when issuing Continuous Synopsis Records and, in particular, when a ship is transferred to the flag of another State the Government of which is a Contracting Government to the International Convention for

Continuous Synopsis Records and, in particular, when a ship is transferred to the flag of another State the Government of which is a Contracting Government to the International Convention for the Safety of Life at Sea, 1974, as amended (the Convention),

NOTING ALSO that on a number of occasi ons ships have encountered difficulties during the exercise of control pursuant to the provisions of regulation I/19 of the Convention

and/or during the exercise of control and compliance measures pursuant to the provisions of regulation XI-2/9 of the Conve ntion as a result of matters related to the Continuous Synopsis Record,

ACKNOWLEDGING the need to review and am end the guidelines for the maintenance and the forms of the Continuous Synopsis Record as result of the experience gained,

HAVING ADOPTED amendments to the provisi ons of the regulation XI-1/3 of the Convention to introduce the IMO Unique Company and Registered Owner Identification Number Scheme and to regulation XI-1/5 of the Convention (SOLAS regula tion XI-1/5) to include in the Continuous Synopsis Record the registered owner and the company identification numbers,

Scheme and to regulation XI-1/5 of the Convention (SOLAS regula tion XI-1/5) to include in the Continuous Synopsis Record the registered owner and the company identification numbers,

RECOGNIZING the need to reflect th e aforesaid amendments to SOLAS regulation XI-1/5 in the forms of the Continuous Synopsis Record,

1. ADOPTS:

.1 amendments to the Format and Guidelines for the maintenance of the Continuous Synopsis Record (CSR), as set out in Anne x 1 to the present re solution to reflect the experience gained;

.2 amendment to the Format and Guidelines for the maintenan ce of the Continuous Synopsis Record (CSR), as set out in Anne x 2 to the present re solution to reflect the amendments to SOLAS regulation XI-1/5;
RESOLUTION MSC.198(80)

2. DECIDES that the amendments to the annex to resolution A.959(23) set out in Annex 1 should enter into force on the da te of adoption of the present resolution and those set out in Annex 2 should enter into force on 1 January 2009;

3. STRONGLY URGES Contracting Governments to the Convention to meet their obligations under SOLAS regulation XI-1/5 and resolution A.959(23) and, in particular, when a ship entitled to fly their flag is transferred to the flag of another Contracting Government to the Convention, to forward to it the Continuous Synopsis Record of the ship as soon as possible and within the time frame prescribed in resolution A.959(23), as amended, so as to enable the latter Government to promptly issue to the ship the required Continuous Synopsis Record;

4. INVITES Contracting Governments to the Convention to bring to its attention any difficulties encountered with the implementation of the provisions of SOLAS regulation XI-1/5 or of resolution A.959(23) as amended for consid eration of the issues involved and decision on the actions to be taken.
