thence to a point on the coast of Australia in
latitude 24'42' S, longitude 153' 15' E.
12 Operational wastes means all solid wastes (including slurries) not covered by other Annexes that are collected on board during normal maintenance or operations of a ship, or used for cargo stowage and handling. Operational wastes also includes cleaning agents and additives contained in cargo hold and external wash water. Operational wastes does not include grey water, bilge water, or other similar discharges essential to the operation of a ship, taking into account the guidelines developed by the Organization.
13 Plastic means a solid material which contains as an essential ingredient one or more high molecular mass polymers and which is formed (shaped) during either manufacture of the polymer or the fabrication into a finished product by heat and/or

13 Plastic means a solid material which contains as an essential ingredient one or more high molecular mass polymers and which is formed (shaped) during either manufacture of the polymer or the fabrication into a finished product by heat and/or pressure. Plastics have material properties ranging from hard and brittle to soft and elastic. For the purposes of this annex, "all plastics" means all garbage that consists of or includes plastic in any form, including synthetic ropes, synthetic fishing nets, plastic garbage bags and incinerator ashes from plastic products.
14 Special area means a sea area where for recognized technical reasons in relation to its oceanographic and ecological condition and to the particular character of its traffic the adoption of special mandatory methods for the prevention of sea pollution by garbage is required.
F or the purposes of this Annex the special areas are the Mediterranean Sea area, the Baltic Sea area, the Black Sea area, the Red Sea area, the Gulfs area, the North Sea area, the Antarctic area and the Wider Caribbean Region, which are defined as follows:
.1 The Mediterranean Sea area means the Mediterranean Sea proper

---CHUNK---

Sea area, the Black Sea area, the Red Sea area, the Gulfs area, the North Sea area, the Antarctic area and the Wider Caribbean Region, which are defined as follows:
.1 The Mediterranean Sea area means the Mediterranean Sea proper including the gulfs and seas therein with the boundary between the Mediterranean and the Black Sea constituted by the 41° N parallel and bounded to the west by the Straits of Gibraltar at the meridian 5' 36' W.
RESOLUTION MEPC.201(62)
Adopted on 15 July 2011
AMENDMENTS TO THE ANNEX OF THE PROTOCOL OF 1978 RELATING TO THE INTERNATIONAL CONVENTION FOR THE PREVENTION OF POLLUTION FROM SHIPS, 1973- 4-
.2 The Baltic Sea area means the Baltic Sea proper with the Gulf of Bothnia and the Gulf of Finland and the entrance to the Baltic Sea bounded by the parallel of the Skaw in the Skagerrak at 57° 44.8' N .
. 3 The Black Sea area means the Black Sea proper with the boundary between the Mediterranean and the Black Sea constituted by the parallel 41° N .
. 4 The Red Sea area means the Red Sea proper including the Gulfs of Suez and Aqaba bounded at the south by the rhumb line between Ras si Ane

the Mediterranean and the Black Sea constituted by the parallel 41° N .
. 4 The Red Sea area means the Red Sea proper including the Gulfs of Suez and Aqaba bounded at the south by the rhumb line between Ras si Ane (12° 28.5' N, 43° 19.6' E) and Husn Murad (12° 40.4 ' N, 43° 30,2' E) .
. 5 The Gulfs area means the sea area located north-west of the rhumb line between Ras al Hadd (22° 30 ' N, 59° 48 ' E) and Ras al Fasteh (25° 04 ' N, 61° 25' E) .
. 6 The North Sea area means the North Sea proper including seas therein with the boundary between:
.1 the North Sea southwards of latitude 62° N and eastwards of longitude 4° W;
.2 the Skagerrak, the southern limit of which is determined east of the Skaw by latitude 57° 44.8 ' N; and
,3 the English Channel and its approaches eastwards of longitude 5° W and northwards of latitude 48° 30' N .
. 7 The Antarctic area means the sea area south of latitude 60° S .
. 8 The Wider Caribbean Region means the Gulf of Mexico and Caribbean Sea proper including the bays and seas therein and that portion of the Atlantic Ocean within the boundary constituted by the 30' N parallel from Florida

---CHUNK---

SOURCE: MEPC.201(62).pdf
. 8 The Wider Caribbean Region means the Gulf of Mexico and Caribbean Sea proper including the bays and seas therein and that portion of the Atlantic Ocean within the boundary constituted by the 30' N parallel from Florida eastward to 77'30' W meridian, thence a rhumb line to the intersection of 20' N parallel and 59' W meridian, thence a rhumb line to the intersection of 7' 20' N parallel and 50' W meridian, thence a rhumb line drawn southwesterly to the eastern boundary of French Guiana.
Regulation 2
Application
Unless expressly provided otherwise, the provisions of this Annex shall apply to all ships.
Regulation 3
General prohibition on discharge of garbage into the sea
1 Discharge of all garbage into the sea is prohibited, except as provided otherwise in regulations 4, 5, 6 and 7 of this Annex.
2 Except as provided in regulation 7 of this Annex, discharge into the sea of all plastics, including but not limited to synthetic ropes, synthetic fishing nets, plastic garbage bags and incinerator ashes from plastic products is prohibited.
3 Except as provided in regulation 7 of this Annex, the discharge into the sea of cooking oil is prohibited.

bags and incinerator ashes from plastic products is prohibited.
3 Except as provided in regulation 7 of this Annex, the discharge into the sea of cooking oil is prohibited.
RESOLUTION MEPC.201(62)
Adopted on 15 July 2011
AMENDMENTS TO THE ANNEX OF THE PROTOCOL OF 1978 RELATING TO THE INTERNATIONAL

Regulation 4
Discharge of garbage outside special areas
1 Discharge of the following garbage into the sea outside special areas shall only be permitted while the ship is en route and as far as practicable from the nearest land, but in any case not less than:
.1 3 nautical miles from the nearest land for food wastes which have been passed through a comminuter or grinder. Such comminuted or ground food wastes shall be capable of passing through a screen with openings no greater than 25 mm .
. 2 12 nautical miles from the nearest land for food wastes that have not been treated in accordance with subparagraph .1 above .
. 3 12 nautical miles from the nearest land for cargo residues that cannot be recovered using commonly available methods for unloading. These cargo

treated in accordance with subparagraph .1 above .
. 3 12 nautical miles from the nearest land for cargo residues that cannot be recovered using commonly available methods for unloading. These cargo residues shall not contain any substances classified as harmful to the marine environment, taking into account guidelines developed by the Organization .
. 4 For animal carcasses, discharge shall occur as far from the nearest land as possible, taking into account the guidelines developed by the Organization.
2 Cleaning agents or additives contained in cargo hold, deck and external surfaces wash water may be discharged into the sea, but these substances must not be harmful to the marine environment, taking into account guidelines developed by the Organization.
3 When garbage is mixed with or contaminated by other substances prohibited from discharge or having different discharge requirements, the more stringent requirements shall apply.
Regulation 5
Special requirements for discharge of garbage from fixed or floating platforms
1 Subject to the provisions of paragraph 2 of this regulation, the discharge into the sea

apply.
Regulation 5
Special requirements for discharge of garbage from fixed or floating platforms
1 Subject to the provisions of paragraph 2 of this regulation, the discharge into the sea of any garbage is prohibited from fixed or floating platforms and from all other ships when alongside or within 500 m of such platforms.
2 Food wastes may be discharged into the sea from fixed or floating platforms located more than 12 nautical miles from the nearest land and from all other ships when alongside or within 500 m of such platforms, but only when the wastes have been passed through a comminuter or grinder. Such comminuted or ground food wastes shall be capable of passing through a screen with openings no greater than 25 mm.
Regulation 6
Discharge of garbage within special areas
1 Discharge of the following garbage into the sea within special areas shall only be permitted while the ship is en route and as follows:

.1 Discharge into the sea of food wastes as far as practicable from the nearest land, but not less than 12 nautical miles from the nearest land or the nearest ice shelf. Food wastes shall be comminuted or ground and shall be capable
