1.2.1 All ships 300 gross tonnage or greater, fishin g vessels, and all ships in the event of a developing emergency, and that are in trans it through the reporting ar ea are recommended to participate in CORAL SHIPREP.

2 Geographical coverage of the system and the number and edition of the reference chart used for the delineation of the system

2.1 The geographical coverage of CORAL SHIP REP is depicted by the geographical positions in the appendix.

2.2 The reference charts that include the ship reporting area are United States 19016, 2007 edition, 19019, 2007 edition, and 19022, 2007 editi on. These charts are based on World Geodetic System 1984 Datum (WGS-84) and astronomic datum.

3 Format, content of reports, times and geographical positions for submitting reports, authorities to whom reports should2 be sent, available services

3.1 Format

3.1.1 The ship report should be drafted in accord ance with the format shown in paragraph 2 of the appendix to resolution A.851(20).

3.2 Content

3.2.1 The report for a ship entering the system should contain the following information:

System identifier: CORAL SHIPREP
