development in the design and technologies, in consultation with appropriate organizations,
NOTING the amendments to the International Convention for the Safety of Life at Sea, 1974, adopted by resolution MSC.496(105),
HAVING CONSIDERED, at its 105th session, consequential amendments to the 2009 MODU Code,
1 ADOPTS amendments to the 2009 MODU Code, the text of which is set out in the annex to the present resolution;
2 INVITES all Governments concerned to take appropriate steps to give effect to the annexed amendments to the 2009 MODU Code as from 1 January 2024.
RESOLUTION MSC.506(105) (adopted on 28 April 2022)
AMENDMENTS TO THE CODE FOR THE CONSTRUCTION AND EQUIPMENT OF MOBILE OFFSHORE DRILLING UNITS, 2009 (2009 MODU CODE)
MSC 105/20/Add.1
Annex 13, page 2

ANNEX
AMENDMENTS TO THE CODE FOR THE CONSTRUCTION AND EQUIPMENT OF MOBILE OFFSHORE DRILLING UNITS, 2009
(2009 MODU CODE)
CHAPTER 10
LIFE-SAVING APPLIANCES AND EQUIPMENT
1 Paragraphs 10.14, 10.14.1 and 10.14.2 are replaced by the following:
"10.14 [Reserved*]

_____
* The provisions related to radio life -saving appliances were relocated under chapter 11 (refe r to resolution MSC.506(105). Paragraph 10.14 was intentionally left blank to avoid renumbering of existing paragraphs."

CHAPTER 11
RADIOCOMMUNICATION AND NAVIGATION
2 The text of chapter 11 is replaced by the following:
■11.1 General
The purpose of this chapter is to provide minimum provisions for navigation equipment and for distress and safety radiocommunications between mobile offshore drilling units, including associated survival craft, and coast stations, ships and supporting aircraft.
11.2 Training

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.506(105).pdf
associated survival craft, and coast stations, ships and supporting aircraft.
11.2 Training
Training in the use of IMO Standard Marine Communication Phrases should be provided to personnel responsible for radio communications.1

_____
1 Refer to IMO Standard Marine Communication Phrases (resolution A.918(22)).

11.3 Self-propelled units
Each unit should comply with the applicable provisions concerning radio stations for cargo ships in SOLAS chapter IV.2

_____
2 All requirements of SOLAS chapter IV referring to ■from the position from which the ship is normally navigated■ should be appl ied as meaning ■from the position the MODU is normally navigated■.

11.4 Non-self-propelled units under tow
11.4.1 The provisions for non-self-propelled units under tow when manned depend upon the radio installations fitted in the towing ship, as set out in paragraphs 11.4.2 and 11.4.3.
