Ship Fuel Oil Consumption Database via electronic communication and using a standardized
format developed by the Organization60 not later than one month after issuing the Statements
of Compliance of these ships.
10 On the basis of the reported data submitted to the IMO Ship Fuel Oil Consumption
Database, the Secretary -General of the Organization shall produce an annual report to the
Committee summarizing the data collected, the status of missing data, and such other relevant
information as may be requested by the Committee.
11 The Secretary-General of the Organization shall grant the Administration of a ship or
any organization duly authorized by it 61 access to all the reported data for all the preceding
calendar years in the IMO Ship Fuel Oil Consumption Database for that ship.
12 Parties shall have access to a non-anonymized database containing data for all ships
to which this regulation applies strictly for their analysis and consideration.
13 The Secretary-General of the Organization shall maintain an anonymized database
such that identification of a specific ship will not be possible, and facilitate access to publ
ic
user accounts.

13 The Secretary-General of the Organization shall maintain an anonymized database
such that identification of a specific ship will not be possible, and facilitate access to publ
ic
user accounts.
14 The IMO Ship Fuel Oil Consumption Database shall be undertaken and managed by
the Secretary -General of the Organization, pursuant to guidelines developed by the
Organization.62
15 On an ad hoc basis, the Secretary-General of the Organization may share data with
analytical consultancies and research entities, under strict confidentiality rules.
16 The Secretary-General of the Organization, on the request of a company, shall grant
access to the fuel oil consumption reports of the company's owned ship(s) in a
non-anonymized form to the general public.
Regulation 28
Operational carbon intensity
Attained annual operational carbon intensity indicator (attained annual operational CII)
1 After the end of calendar year 2023 and after the end of each following calendar year,
each ship of 5,000 gross tonnage and above which falls into one or more of the categories in
regulations 2.2.5 to 2.2.7, 2.2.9, 2.2.12 to 2.2.14, 2.2.20, and 2.2.24 to 2.2.27 of this Annex
