support personnel, facilitate the international movement and operation of diving units and
provide a minimum international standard for the design, construction and survey o f diving
units to safely support diving operations.
3 The 2023 Diving Code has been developed for all diving operations from diving units
and this includes circumstances where a diving system may be temporarily installed on a diving
platform.
4 The 2023 Diving Code expands the scope of the 1995 Code of Safety for Diving
Systems (resolution A.831(19), as amended) and the Guidelines and specifications for
hyperbaric evacuation systems (resolution A.692(17)), as set out in paragraph 1.4 of
appendix 3 to this Code.
5 All diving personnel should be considered as persons on board (POB) with regard to
the diving platform 's normal life -saving appliances. However, divers unde
