ANNEX 28
RESOLUTION MSC.234(82)
RECOMMENDATIONS CONCERNING TONNAGE MEASUREMENT OF
OPEN-TOP CONTAINERSHIPS
THE MARITIME SAFETY COMMITTEE,
RECALLING Article 28(b) of the Convention on the International Maritime Organization concerning the functions of the Committee,
RECALLING FURTHER the relevant provis ions of the Intern ational Convention on Tonnage Measurement of Ships, 1969,
RECALLING ALSO circular TM.5/Circ.4 on Pr ovisional formula to calculate a reduced gross tonnage of open-top containerships, wher eby the Committee, being concerned with the economic disadvantages caused by the use of greater gross tonna ge in comparison with gross tonnage of conventional containe rships for the assessment of fees, agreed to recommend a reduced gross tonnage for open-top containerships based on a provisional formula,

tonnage of conventional containe rships for the assessment of fees, agreed to recommend a reduced gross tonnage for open-top containerships based on a provisional formula,
RECALLING ALSO circular TM .5/Circ.5 on Interpretations of the provisions of the International Convention on Tonnage Measuremen t of Ships, 1969, in particular section 3 entitled ■Open-top containerships■,
NOTING that, by the aforementioned circular TM.5/Circ.4, Governments were invited to submit to the Organization information on open- top containerships in operation and under consideration which would enable the assessment of the final coefficients in the formula, including principal dimensions, gross tonn age underdeck and ondeck carrying capacities of containers, deadweight etc.,
HAVING RECOGNIZED that based on the provisions included in circular MSC/Circ.608/Rev.1, open-top containerships are designed and constructed to a high safety level

containers, deadweight etc.,
HAVING RECOGNIZED that based on the provisions included in circular MSC/Circ.608/Rev.1, open-top containerships are designed and constructed to a high safety level in particular. This applies to improved protection and securing of containers,
NOTING that, in view of the explicit amendment procedure of the 1969 Tonnage Measurement Convention, it may require a significant period of time for any amendment to become effective,
REALIZING the need for the establishment of the principles for the treatment and unified application of tonnage measurement of open-top containerships,
HAVING CONSIDERED, at its eighty-second session, the recommendation made by the Sub-Committee on Stability and Load Lines and on Fishing Vessels Safety, at its forty-ninth session,
1. ADOPTS the Recommendations concerni ng tonnage measurement of open-top containerships, the text of which is set out in the Annex to the present resolution;

session,
1. ADOPTS the Recommendations concerni ng tonnage measurement of open-top containerships, the text of which is set out in the Annex to the present resolution;
RESOLUTION MSC.234(82)
RECOMMENDATIONS CONCERNING TONNAGE MEASUREMENT OF
OPEN-TOP CONTAINERSHIPSMSC 82/24/Add.2
ANNEX 28

2. AGREES that Governments which are Cont racting Governments to the 1969 Tonnage Measurement Convention should use these Reco mmendations when applying the provisions of the Convention;
3. INVITES Governments to advise the ports and harbours authorities to apply the Recommendations when assessing fees ba sed on reduced gross tonnage for open-top containerships;
4. REVOKES circular TM.5/Ci
