ANNEX

CRITERIA AND PROCEDURES FOR LIVE-STREAMING TO THE PUBLIC OF IMO ASSEMBLY PLENARY MEETINGS

Purpose

1 Rule 12 of the Rules of Procedure of the Assembly provides that plenary meetings of the Assembly shall be held in public unless the Assembly decides otherwise.

2 This document has been developed to provide clear guidance for the live-streaming of its plenary meetings to the public.

Criteria for live-streaming

3 The plenary meetings of the Assembly should normally be live-streamed to the public with the exception of the following:

.1 parts of the Assembly during which vote casting takes place (not limited to voting by secret ballot);

.2 parts of the Assembly related to the appointment of the Secretary-General; and

.3 any other discussion that the Assembly may decide should not be live-streamed.

4 Any deliberations and decisions on whether to suspend live-streaming for part of a meeting should not be live-streamed to the public.

5 Meetings of the Heads of delegations and the committees of the Assembly, and working, drafting, review, expert, intersessional and editing groups should not be live-streamed to the public.

Procedure for live-streaming

6 The live-streaming of the Assembly to the public should normally begin from the opening of the session.

7 A Member State or other Participant* wishing to request that a part of the plenary meetings of the Assembly should not be live-streamed to the public, in line with paragraph 3.3 above, should make such a request in writing to the President of the Assembly stating the reasons therefor before the opening of the session. Such requests will be compiled into a single document and circulated by the Secretariat, which will be considered under agenda item 1 on the adoption of the agenda.

* As defined in rule 1(2) of the Rules of Procedure of the Assembly. Other Participants, defined as States that are not Members of the Organization but Parties to a treaty or other international instrument in respect of which the Assembly performs functions, have the right to participate in the Assembly for the purposes of functions in respect of such treaties or international instruments only.

8 Notwithstanding paragraph 7 above and in exceptional circumstances that may occur during the session, a Member State or other Participant wishing to request that a part of the plenary meeting of the Assembly should not be live-streamed to the public may make the request at any point during the session. The live-streaming should be suspended immediately at that point while the Assembly deliberates this request and decides accordingly.

9 Requests in line with paragraphs 7 and 8 above may also be made by the President of the Assembly or the Secretary-General.

10 The invitation to the Assembly session should inform prospective delegates that the meeting will be live-streamed to the public subject to certain exceptions.
