RESOLUTION MSC.556(108) (adopted on 23 May 2024)
AMENDMENTS TO THE
INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE
RESOLUTION MSC.556(108)
(adopted on 23 May 2024)
AMENDMENTS TO THE
INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE
THE MAR
ITIME SAFETY COMMITTEE,
RECA
LLING Article 28(b) of the Convention on the International Maritime Organization concerning the functions of the Committee,
RECA
LLING ALSO resolution MSC.122(75) by which it adopted the International Maritime Dangerous Goods Code (hereinafter referred to as "the IMDG Code"), which has become mandatory under chapter VII of the International Convention for the Safety of Life at S ea (SOLAS), 1974, as amended (hereinafter referred to as "the Convention"),
RECA
LLING FURTHER article VIII(b) and regulation VII/1.1 of the Convention concerning the procedure for amending the IMDG Code,
HAVIN
G CONSIDERED, at its 108th session, amendments to the IMDG Code, proposed and
---

procedure for amending the IMDG Code,
HAVIN
G CONSIDERED, at its 108th session, amendments to the IMDG Code, proposed and circulated in accordance with article VIII(b)(i) of the Convention,
1 ADO
PTS, in accordance with article VIII(b)(iv) of the Convention, amendments to the IMDG Code, the text of which is set out in the annex to the present resolution;
2 DETE
RMINES, in accordance with article VIII(b)(vi)(2)(bb) of the Convention, that the said amendments shall be deemed to have been accepted on 1 July 2025, unless prior to that date more than one third of the Contracting Governments to the Convention or Contracting Governments the combined merchant fleets of which constitute not less than 50% of the gross tonnage of the world's merchant fleet, have notified their objections to the amendments;
3 INVITE
S Contracting Governments to the Convention to note that, in accordance with article VIII(b)(vii)(2) of the Convention, the amendments shall enter into force
---

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
with article VIII(b)(vii)(2) of the Convention, the amendments shall enter into force on 1 January 2026 upon their acceptance in accordance with paragraph 2 above;

4 AGREES that Contracting Governments to the Convention may apply the aforementioned amendments in whole or in part on a voluntary basis from 1 January 2025;

5 REQUESTS the Secretary -General, for the purposes of article VIII(b)(v) of the Convention, to transmit certified copies of the present resolution and the text of the amendments contained in the annexes to all Contracting Governments to the Convention;

6 ALSO REQUESTS the Secretary-General to transmit copies of this resolution and its annexes to Members of the Organization which are not Contracting Governments to the Convention.

RESOLUTION MSC.556(108) (adopted on 23 May 2024)

AMENDMENTS TO THE INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE

ANNEX

AMENDMENTS TO THE INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE

AMENDMENT 42-24

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
ANNEX

AMENDMENTS TO THE INTERNATIONAL MARITIME
DANGEROUS GOODS (IMDG) CODE
AMENDMENT 42-24

Note: This annex is split into appendix 1 (parts 1-2 and 4 -7) and appendix 2 (part 3, appendices A and B, and index).

The complete text of the IMDG Code is replaced with the following:

RESOLUTION MSC.556(108) (adopted on 23 May 2024)
AMENDMENTS TO THE
INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE
PART 1

GENERAL PROVISIONS,
DEFINITIONS AND TRAINING
RESOLUTION MSC.556(108) (adopted on 23 May 2024)
AMENDMENTS TO THE
INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE
Chapter 1.1
General provisions
1.1.0 Intr oductory note
It should be noted that other international and national modal regulations exist and that those regulations may recognize all or part of the provisions of this Code . I n addition, port authorities and other bodies and organizations should recognize the Code and may use it as a basis for their storage and handling bye-laws within loading and discharge areas .
1.1.1 Appl ication and implementation of the Code

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
within loading and discharge areas .
1.1.1 Appl ication and implementation of the Code
1.1.1.1 Th e provisions contained in this Code are applicable to all ships to which the International Convention for the Safety of Life at Sea, 1974 (SOLAS), as amended, applies and which are carrying dangerous goods as defined in regulation 1 of part A of chapter VII of that Convention .
1.1.
1.2 Th
e provisions of regulation II-2/19 of that Convention apply to passenger ships and to cargo ships constructed on or after 1 July 2002 .
For
:
.1 a pa
ssenger ship constructed on or after 1 September 1984 but before 1 July 2002; or
.2 a ca
rgo ship of 500 gross tons or over constructed on or after 1 September 1984 but before 1 July 2002; or
.3 a ca
rgo ship of less than 500 gross tons constructed on or after 1 February 1992 but before 1 July 2002,
the requirements of regulation II-2/54 of SOLAS, as amended by resolutions MSC .1(
XLV), MSC .6(
48),
MSC .13
(57), MSC .22
(59), MSC .24

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
the requirements of regulation II-2/54 of SOLAS, as amended by resolutions MSC .1(
XLV), MSC .6(
48),
MSC .13
(57), MSC .22
(59), MSC .24
(60), MSC .27
(61), MSC .31
(63) and MSC .57
(67), apply (see II-2/1 .2) .
Fo
r cargo ships of less than 500 gross tons constructed on or after 1 September 1984 and before 1 February 1992, it is recommended that Contracting Governments extend such application to these cargo ships as far as possible .
1.1.
1.3 Al
l ships, irrespective of type and size, carrying substances, materials or articles identified in this Code as marine pollutants are subject to the provisions of this Code .
1.1.
1.4 In c
ertain parts of this Code, a particular action is prescribed, but the responsibility for carrying out the action is not specifically assigned to any particular person .
Such responsibility may vary according to the laws and
customs of different countries and the international conventions into which these countries have entered . F
or

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
customs of different countries and the international conventions into which these countries have entered . F
or
the purpose of this Code, it is not necessary to make this assignment, but only to identify the action itself . I
t
remains the prerogative of each Government to assign this responsibility .
1.1.
1.5 Al

1.1.1.6 Ap plication of standards
Where the application of a standard is required and there is any conflict between the standard and the
provisions of this Code, the provisions of this Code take precedence . T
he requirements of the standard that
do not conflict with the provisions of this Code shall be applied as specified, including the requirements of
---

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
he requirements of the standard that
do not conflict with the provisions of this Code shall be applied as specified, including the requirements of
any other standard, or part of a standard, referenced within that standard as normative .
Note
: A standard provides details on how to meet the provisions of this Code and may include requirements
in addition to those set out in this Code .
1.1.1.7 Tr ansport of dangerous goods used as a coolant or conditioner
Dangerous goods, that are only asphyxiant (which dilute or replace the oxygen normally in the atmosphere),
when used in cargo transport units for cooling or conditioning purposes are only subject to the provisions of
section 5 .5 .3 .
Note
: When carried on board as ships stores or equipment, these coolants and conditioners are not subject
to the provisions of this Code .
1.1.1.8 No tification of infringements
When a competent authority has reasons to believe that the safety of the transport of dangerous goods is
---

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf

1.1.1.8 No tification of infringements

When a competent authority has reasons to believe that the safety of the transport of dangerous goods is compromised as a result of serious or repeated infringements of this Code by an enterprise which has its headquarters on the territory of another competent authority, it should if necessary notify that competent authority of such infringements .

1.1.1.9 La mps containing dangerous goods

The following lamps are not subject to this Code provided that they do not contain radioactive material and do not contain mercury in quantities above those specified in special provision 366 of chapter 3 .3:

.1 la

mps that are collected directly from individuals and households when transported to a collection or recycling facility;

.2 la

mps each containing not more than 1 g of dangerous goods and packaged so that there is not more than 30 g of dangerous goods per package, provided that:

(i) th

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
than 30 g of dangerous goods per package, provided that:
(i) th
e lamps are manufactured according to a certified quality management system;
Note: The application of ISO 9001:2008 may be considered acceptable for this purpose .
and
(
ii) eac
h lamp is either individually packed in inner packagings, separated by dividers, or surrounded
with cushioning material to protect the lamps and packed into strong outer packagings meeting the
general provisions of 4 .1 .1 .1 an
d capable of passing a 1 .2 m dr
op test .
.3 us
ed, damaged or defective lamps each containing not more than 1 g of dangerous goods with not more
than 30 g of dangerous goods per package when transported from a collection or recycling facility . T
he
lamps shall be packed in strong outer packagings sufficient for preventing release of the contents under
normal conditions of transport meeting the general provisions of 4 .1 .1 .1 an
d that are capable of passing
a drop test of not less than 1 .2 m .
Note
---

d that are capable of passing
a drop test of not less than 1 .2 m .
Note
: Lamps containing radioactive material are addressed in 2 .7 .2 .2 .2 .2 .
.
4 la
mps containing only gases of class 2 .2 (a
ccording to 2 .2 .2 .2) p
rovided they are packaged so that the
projectile effects of any rupture of the bulb will be contained within the package .
1.1.1.10 De vices containing dangerous goods, which are in use or intended for use during transport
For devices containing dangerous goods, which are in use or intended for use during transport, see 5 .5 .4 .
1.1.2 C onventions
1.1.2.1 In ternational Convention for the Safety of Life at Sea, 1974
Part A of chapter VII of the International Convention for the Safety of Life at Sea, 1974 (SOLAS), as amended,
deals with the carriage of dangerous goods in packaged form, and is reproduced in full:

procedure for amending the IMDG Code,
HAVIN
G CONSIDERED, at its 108th session, amendments to the IMDG Code, proposed and circulated in accordance with article VIII(b)(i) of the Convention,
1 ADO
PTS, in accordance with article VIII(b)(iv) of the Convention, amendments to the IMDG Code, the text of which is set out in the annex to the present resolution;
2 DETE
RMINES, in accordance with article VIII(b)(vi)(2)(bb) of the Convention, that the said amendments shall be deemed to have been accepted on 1 July 2025, unless prior to that date more than one third of the Contracting Governments to the Convention or Contracting Governments the combined merchant fleets of which constitute not less than 50% of the gross tonnage of the world's merchant fleet, have notified their objections to the amendments;
3 INVITE
S Contracting Governments to the Convention to note that, in accordance with article VIII(b)(vii)(2) of the Convention, the amendments shall enter into force
---

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
with article VIII(b)(vii)(2) of the Convention, the amendments shall enter into force on 1 January 2026 upon their acceptance in accordance with paragraph 2 above;
4 AGR
EES that Contracting Governments to the Convention may apply the aforementioned amendments in whole or in part on a voluntary basis from 1 January 2025;
5 REQ
UESTS the Secretary -General, for the purposes of article VIII(b)(v) of the Convention, to transmit certified copies of the present resolution and the text of the amendments contained in the annexes to all Contracting Governments to the Convention;
6 ALSO
REQUESTS the Secretary-General to transmit copies of this resolution and its annexes to Members of the Organization which are not Contracting Governments to the Convention.

PART 1

GENERAL PROVISIONS,
DEFINITIONS AND TRAINING
RESOLUTION MSC.556(108) (adopted on 23 May 2024)
AMENDMENTS TO THE
INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE
Chapter 1.1
General provisions
1.1.0 Intr oductory note
It should be noted that other international and national modal regulations exist and that those regulations may recognize all or part of the provisions of this Code . I n addition, port authorities and other bodies and organizations should recognize the Code and may use it as a basis for their storage and handling bye-laws within loading and discharge areas .
1.1.1 Appl ication and implementation of the Code

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf
within loading and discharge areas .
1.1.1 Appl ication and implementation of the Code
1.1.1.1 Th e provisions contained in this Code are applicable to all ships to which the International Convention for the Safety of Life at Sea, 1974 (SOLAS), as amended, applies and which are carrying dangerous goods as defined in regulation 1 of part A of chapter VII of that Convention .
1.1.
1.2 Th
e provisions of regulation II-2/19 of that Convention apply to passenger ships and to cargo ships constructed on or after 1 July 2002 .
For
:
.1 a pa
ssenger ship constructed on or after 1 September 1984 but before 1 July 2002; or
.2 a ca
rgo ship of 500 gross tons or over constructed on or after 1 September 1984 but before 1 July 2002; or
.3 a ca
rgo ship of less than 500 gross tons constructed on or after 1 February 1992 but before 1 July 2002,
the requirements of regulation II-2/54 of SOLAS, as amended by resolutions MSC .1(XLV), MSC .6(48), MSC .13(57), MSC .22(59), MSC .24

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.556(108).pdf

he requirements of the standard that
do not conflict with the provisions of this Code shall be applied as specified, including the requirements of
any other standard, or part of a standard, referenced within that standard as normative .
Note
: A standard provides details on how to meet the provisions of this Code and may include requirements
in addition to those set out in this Code .
1.1.1.7 Tr ansport of dangerous goods used as a coolant or conditioner
Dangerous goods, that are only asphyxiant (which dilute or replace the oxygen normally in the atmosphere),
when used in cargo transport units for cooling or conditioning purposes are only subject to the provisions of
section 5 .5 .3 .
Note
: When carried on board as ships stores or equipment, these coolants and conditioners are not subject
to the provisions of this Code .
1.1.1.8 No tification of infringements
When a competent authority has reasons to believe that the safety of the transport of dangerous goods is

than 30 g of dangerous goods per package, provided that:
(i) th
e lamps are manufactured according to a certified quality management system;
Note: The application of ISO 9001:2008 may be considered acceptable for this purpose .
and
(
ii) eac
h lamp is either individually packed in inner packagings, separated by dividers, or surrounded
with cushioning material to protect the lamps and packed into strong outer packagings meeting the
general provisions of 4 .1 .1 .1 an
d capable of passing a 1 .2 m dr
op test .
.3 us
ed, damaged or defective lamps each containing not more than 1 g of dangerous goods with not more
than 30 g of dangerous goods per package when transported from a collection or recycling facility . T
he
lamps shall be packed in strong outer packagings sufficient for preventing release of the contents under
normal conditions of transport meeting the general provisions of 4 .1 .1 .1 an
d that are capable of passing
a drop test of not less than 1 .2 m .
Note
---

d that are capable of passing
a drop test of not less than 1 .2 m .
Note
: Lamps containing radioactive material are addressed in 2 .7 .2 .2 .2 .2 .
.
4 la
mps containing only gases of class 2 .2 (a
ccording to 2 .2 .2 .2) p
rovided they are packaged so that the
projectile effects of any rupture of the bulb will be contained within the package .
1.1.1.10 De vices containing dangerous goods, which are in use or intended for use during transport
For devices containing dangerous goods, which are in use or intended for use during transport, see 5 .5 .4 .
1.1.2 C onventions
1.1.2.1 In ternational Convention for the Safety of Life at Sea, 1974
Part A of chapter VII of the International Convention for the Safety of Life at Sea, 1974 (SOLAS), as amended,
deals with the carriage of dangerous goods in packaged form, and is reproduced in full:
RESOLUTION MSC.556(108) (adopted on 23 May 2024)
AMENDMENTS TO THE
INTERNATIONAL MARITIME DANGEROUS GOODS (IMDG) CODE
