electronic navigational chart transfer functionality in the performance standards, is the necessary step towards the implementation of the e -navigation concept of harmonized maritime services,

RECOGNIZING the need to improve the revised performance standards, previously adopted by resolution MSC.232(82), for ECDIS in order to ensure the operational reliability of such equipment and taking into account the technological progress and experience gained,

HAVING CONSIDERED the recommendation made by the Sub -Committee on Navigation, Communications and Search and Rescue, at its ninth session,

1 ADOPTS the revised Performance standards for electronic chart display and information systems (ECDIS), set out in the annex to the present resolution;

2 RECOMMENDS Governments to ensure that ECDIS equipment:

(a) if installed on or after 1 January 2029, conforms to performance standards not inferior to those specified in the annex to the present resolution;
