Operational factors

1.4 In the North-Western Mediterranean, shipping traffic is mainly structured towards or

from the ports of Valencia, Tarragona, Barcelona, Marseille, Genoa, La Spezia and Livorno for

goods traffic, to which are added the ports of Toulon, Sète, Nice, Savona and all ports in the

islands of Corsica, Sardinia, the Tuscan archipelago, Sicily and the Balearic Islands for

passenger transport. This geographical situation of proximity to the islands, combined with

commercial port infrastructures, promotes maritime f erry traffic. Moreover, the cruise activity

has largely developed in the Mediterranean, benefiting from favourable weather conditions and

dedicated infrastructures:
