meanings defined in the following paragraphs.

3.1 Administration means the Government of the State whose flag a ship or floating

structure which carries a diving system is entitled to fly or in which the ship or floating structure is registered.

3.2 Breathing gas/breathing mixture means all gases/mixtures of gases which are used for breathing during diving operations.

3.3 Category A machinery spaces are those spaces and trunks to such spaces as defined in the International Convention for the Safety of Life at Sea, 1974, as amended.

3.4 Certificate means Diving Unit Safety Certificate (DUSC).

3.5 Coastal State means the Government of the State exercising administrative control over the diving operations of the diving unit.

URL: https://wwwcdn.imo.org/localresources/en/KnowledgeCentre/IndexofIMOResolutions/MSCResolutions/MSC.548(107).pdf

3.5 Coastal State means the Government of the State exercising administrative control over the diving operations of the diving unit.

3.6 Cylinder means a pressure container for the storage and transport of gases under pressure.

3.7 Daughter-craft means a workboat deployed from and/or operating in conjunction with a diving platform; the workboat is used to deploy divers into and recover them from the water.

3.8 Dive basket (synonymous with diving basket, diving stage or diving cage) means a diver deployment and recovery device normally designed with an open cage structure.

3.9 Diving depth means the depth of water or equivalent pressure to which the diver is exposed at any time during a dive or inside a pressure vessel for human occupancy (PVHO).

3.10 Diving bell (synonymous with closed bell and submersible decompression chamber) means a submersible pressure vessel for human occupancy (PVHO), including its fitted
