all control provisions as set out in the BWM Convention.

Such a system should also meet any general requirements set out in the Procedures for po rt State control, 2021 (resolution A.1155(32))), as amended, as well as support the dete ction of violations and enforcement of the Convention as outlined in article 10 of the B WM Convention.

6.1.2 The use of and reliance upon electronic record books in no way relieves shipowners of their existing duty to accurately maintain and produce records during an inspection, as required by the BWM Convention .

It is recommended that, if a ship cannot produce the electronic record book or a declara tion provided by the Administration during the PSC inspection, the PSC officer should re quest to view an alternative verified copy of the records or a hard copy record book for verification.

6.2 Equipment requirements during an inspection As the electronic record book will be pr esented using the ships' onboard equipment, it should not be necessary for officers to c arry additional equipment (e.g.

electronic devices to view the records) during inspections.

Officers may choose to carry additional equipment on board to aid - not be necessary for officers to carry additional equipment (e.g.

electronic devices to view the records) during inspections.

Officers may choose to carry additional equipment on board to aid in the verification pr ocess if the ships' onboard equipment is unavailable.
