THE MARINE ENVIRONMENT PROTECTION COMMITTEE, RECALLING Article 38(a) of the Convention o
n the International Maritime Organization concerning the functions of the Marine Environ
ment Protection Committee conferred upon it by the international conventions for the pre
vention and control of marine pollution, RECALLING ALSO that the International Conferenc
e on the Safe and Environmentally Sound Recycling of Ships held in May 2009 adopted the
Hong Kong International Convention for the Safe and Environmentally Sound Recycling of S
hips, 2009 (the Hong Kong Convention) together with six Conference resolutions, NOTING t
hat regulations 17.1 and 19 of the annex to the Hong Kong Convention require that Ship R
ecycling Facilities shall establish m anagement systems, procedures and techniques - Kon
g Convention) together with six Conference resolutions, NOTING that regulations 17.1 and
19 of the annex to the Hong Kong Convention require that Ship Recycling Facilities shall
establish m anagement systems, procedures and techniques which do not pose health risks
to the workers or to the population in the vicinity of the Ship Recycling Facility and w
hich will prevent, reduce, minimize and to the extent practicable eliminate adverse effe
cts on the environment caused by Ship Recycling, taking into account guidelines develope
d by the Organization, NOTING ALSO that regulation 18 of the annex to the Hong Kong Conv
ention requires that Ship Recycling Facilities shall prepare a Ship Recycling Facility P
lan, addressing worker safety and training; protection of human health and the environme
nt; roles and responsibilities of personnel; emergency prepardness and response; and mon
itoring, reporting and record-keeping systems, taking into account the guidelines develo
ped by the Organization, NOTING FURTHER that regulations 20.2 and 22 of the annex to the
Hong Kong Convention - reporting and record-keeping systems, taking into account the gui
delines developed by the Organization, NOTING FURTHER that regulations 20.2 and 22 of th
e annex to the Hong Kong Convention require that Ship Recycling Facilities shall ensure
that all Hazardous Materials are identified, labelled, packaged and removed to the maxim
um extent possible prior to cutting, and shall also ensure that all workers at the Ship
Recycling Facility have been provided with appropriate training and familiarization prio
r to performing any Ship Recycling operation, taking into account the guidelines develop
ed by the Organization, BEARING IN MIND that the International Conference on the Safe an
d Environmentally Sound Recycling of Ships, in its resolution 4, invited the Organizatio
n to develop Guidelines for global, uniform and effective implementation and
